Open Letter of Recommendation and Referral for Dubs and Seahorn Consulting

To Whom it May Concern:

It is with great excitement that I write this letter recommending and referring the consulting services of Dubs and Seahorn Consulting. My experience with Ms. Susan Seahorn began in July of 2021. I had heard about a new consulting program through the North Carolina Office of Indigent Defense Services while handling a particularly complex criminal case.

Ms. Seahorn returned my request for a consult in an extremely timely fashion. We were off and running. Her experience, wisdom, and knowledge were immediately apparent and available. Yet, unlike many consultants and experts I have worked with over the years, Ms. Seahorn had unexpected skill in communication and teaching the concepts and recommendations she made throughout our numerous phone and real-time video (Zoom) sessions. I know I became a better criminal litigator because of this service.

Lastly, Ms. Seahorn was just plain fun to work with. She has a natural ease and wit that made talking through complicated issues of criminal litigation...FUN.

With Warmest Regards.

Sincerely,

Raymond D. Large III
